

Announces Quality Laboratory Testing At Significantly Lower Prices

Take Control of Your Healthcare Costs Today With Confidential and Affordable Laboratory Testing

The CDBAA introduces **PrePaidLab.com**. It has never been easier to have blood tests performed. **PrePaidLab.com** offers you the same high quality blood tests that your doctor does, but at a much reduced rate. From the comfort of your own home, you can browse our list of convenient locations or search for the lab tests you need.

PrePaidLab.com is a cost effective and unique way for consumers who are uninsured/underinsured and for companies with Health Savings Accounts (HSAs), Health Reimbursement Accounts (HRAs) and Workers' Compensation Plans to help control rising healthcare costs.

About PrePaidLab.com:

PrePaidLab.com is a direct to consumer laboratory testing company that provides a convenient, confidential, reliable, and affordable way for consumers to take control of their healthcare costs providing access to their health information. All tests are performed by nationally recognized and certified laboratories and reviewed by certified medical professionals with you deciding who receives the results...you, your doctor, or both.

PrePaidLab.com represents a meaningful advance in health care cost containment for today's consumers by combining the expertise of qualified doctors, nurses, and other healthcare professionals with friendly service and quality testing to create a convenient way to learn about your health.

Why Use PrePaidLab.com

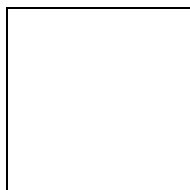

PrePaidLab.com provides consumers with the ability to access all types of laboratory tests for multiple conditions and diseases without a physician's referral, and at nearly half the typical cost.

To ensure the highest-quality tests and accurate results, **PrePaidLab.com** is affiliated with the country's major fully accredited laboratories. Quality and confidentiality are guaranteed!

- Blood testing is performed at deeply discounted rates, saving you much of your hard-earned money
- No co-pays
- No deductibles
- You **WON'T** need to spend your time or money getting a medical exam!
- You **DON'T** need a prescription
- We use only federally & state certified clinics and laboratories nationwide
- **CONFIDENTIAL** results available usually within 24 – 48 hours!
